

PLANTING for the HARVEST

A Soul-Winning Seminar for Every Church Member

One of the most effective ways to inspire your church with the power of literature evangelism, using PROJECT: Steps to Christ's direct-mail program, is through a PLANTING FOR THE HARVEST seminar.

In this seminar, your church members will learn...

- ✓ the importance of literature evangelism in preparing the world for the soon return of Jesus;
- ✓ how the Lord has created and ordained direct-mail, literature evangelism as a means of quickly carrying the gospel to every home in North America;
- ✓ how a PROJECT: Steps to Christ mailing works and how it can work for your local church;
- ✓ the key components to any successful soul-winning effort;
- ✓ how never to get discouraged as they sow the precious seed of God's Word.

The seminar is one and a half hours in length and is best scheduled for a Sabbath afternoon. We also have a sermon presentation with an emphasis on evangelism, which we can share with your church during the worship hour as a prelude to the afternoon seminar. There is no cost for this seminar. However, do to the increasing cost of travel, your freewill offerings are accepted and appreciated.

If you would like more information about the seminar or would like to schedule one at your local church, please contact Steve Peden at 1-800-728-6872 or e-mail info@projectstc.org.
